

With Eastern Front Germans and Western Front Germans getting most the action figure attention from the 1:6 scale companies these days, it's nice to see someone like DID stray off the beaten path and offer the WWII collectors something like their latest offering — Luca. Luca portrays a Wehrmacht German Afrika Korps (better known as DAK) NCO during their operations in 1941 Libya.

Standout pieces of this set include his knee high lace up cloth and leather desert boots, cloth field cap with dust goggles, metal M35 helmet (with nice weathering), metal MP40 sub-machine gun and cloth MP40 ammo pouches. The interesting addition to this set, however is the film camera with battery case (resin and metal) and the personal camera (resin).

ETA: March 2012

- 100) Generalfeldmarschall Erwin Rommel
GIDID-GM621 \$94.99
